

Take a journey back to the days of sun-kissed skin, when times were carefree and fish and chips weren't just a meal but a tradition. From golden & crispy classics to juicy burgers with the lot, it's more than just a place to grab a bite - but a love letter to the coastal lifestyle.

So, whether you're a local longing for a taste of home or a traveler seeking an authentic Aussie experience, be transported back to the Glory Days at this salty seaside takeaway, where every snack is served with a side of nostalgia.

Glory Days is brought to you by Howlin' Wolf. Take away, eat in or join us by candle light out the back with a beer.
